The liver building, Cunard building, Liverpool Town hall, Albert Docks, Liverpool cathedral

How will the canal restoration improve tourism in Liverpool?

More people wanting to visit the city.

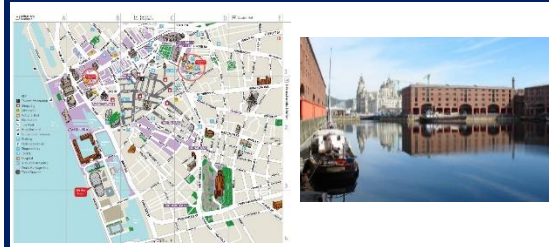

How will this restoration improve the wildlife in the area?

More wildlife being introduced back into the canal

Year 2/3 Geography Liverpool – Canal restoration project

Where is Liverpool? Why are the canals so important?

Mantle of the Expert

Our team discover a canal that has been used as a rubbish dump! The wildlife has disappeared and boats no longer use that route of the canal. We get to work on restoring the canal back to how it should be, which will encourage wildlife and tourists back to the canal.
