

Key Learning

Climate change/ natural resources

- How and why has trade changed over time to become global?
- Food and Global Trade – where does food come from?
- The Global Supply Chain
- What food does the UK export?
- What food products do we produce/package locally and where is it exported to?
- Local company study - Arla
- Investigating Fairtrade and Sustainability

Good Read

Year 5/6 Geography –Global Trade (a local study) Summer 2023

Morda CE Primary School

Local Companies

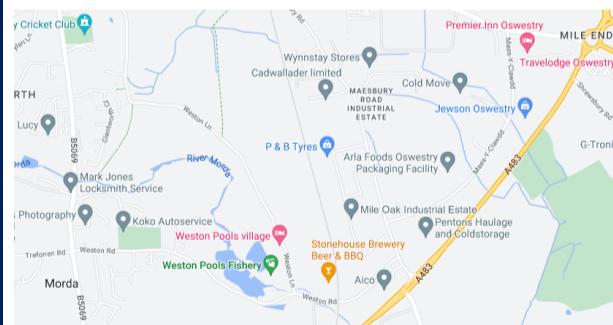

Arla Packaging Facility, Maesbury Road Industrial Estate, Oswestry

MAP WORK

The map highlights a number of global patterns, notably the importance of oil exports to many economies. Bank of America Merrill Lynch

Key Vocabulary

Trade	Buying and selling goods and services.
Import	Goods or services purchased from one country and brought into the UK.
Export	Goods or services made in the UK and sold to another country.
Goods	Items that can be bought and sold. Sometimes they are called products.
Global	Around the world.
Fair Trade	A way of buying goods designed to make sure that the producers of these goods in developing countries are paid a fair and stable price for the goods that we buy from them.
Sustainability	Fulfilling the needs of current generations without compromising the needs of future generations
Globalisation	The spread of trade and ideas worldwide.
Global Supply Chain	The different places a product and its parts come from, and travel to, on its way to the consumer (the person who is buying the product).
Multinational	Something that operates in more than one country. A multinational business is based in more than one country.
Economy	The word used to explain how money is made and spent in a particular area. This could be within a country or across the world.
